

Aparna Sharma launches her second book, 'Between U & Me'

-May 27, 2018

After the tremendous success of 'Reality Bytes – The Role of HR in Today's World', in English and Hindi, Aparna Sharma's second book, 'Between U & Me', is a genuine endeavor to share with the readers.

Aparna has written the book, 'Between U & Me'. What makes Aparna Sharma's book stand out is that unlike the norm, she does not use the lives of famous personalities to draw inspiration. Rather, the book portrays the real-life stories of the people around her, who have inspired her and made a positive difference to her life– from her educational to personal and professional life. The protagonists of this book are so-called 'ordinary' people, but each is an achiever in his/her own right. In simple, lucid language, they have chronicled their life journeys, the circumstances and challenges they faced with tenacity to reach the pinnacles of success, for the benefit of the readers.

Talking to SightsIn Plus Aparna said that some of stories in book will leave you teary-eyed ,a few will make you ponder over the unjust norms of society while others will leave you marvelling at the sheer persistence of these people in the face of all odds. But all of them will, no doubt, change your perspective towards life and leave you motivated and empowered to take on your own challenges and rise above your situation.

Each reader will find in the book, something that will resonate with his/her life, either personal or professional, making it a must-read for people of all ages, as well as a wonderful gift. The best part of the book is that the reader can revisit the book any time he/she feels the need for much-required encouragement.

The extraordinary qualities of these people exist within each one of us too. All that is needed is for us to get in touch with them, brush off the layers of conditioning or neglect, and polish them to a shine. So, here's wishing the readers success in letting their inner strength shine through, just like the people in this book!

All the best Aparna and a big congratulation!
